

**PARSONS SCHOOL OF DESIGN**

We were delighted to welcome Mike Fakhri, Senior Director of Admissions for Parsons, who presented the different undergraduate programmes in both New York and Paris. ISCA students are currently considering their higher education options and many were interested in the flexible opportunities available at one of the leading art and design schools in the US.

**SAVANNAH COLLEGE OF ART AND DESIGN**

As Associate Dean for SCAD's School of Fashion, Dejan Agatonovic visited ISCA to lead a workshop about the formal elements focusing on scale and using a collage technique. Having worked as a designer for top London-based brands including Alexander McQueen, Stella McCartney and Matthew Williamson, Dejan talked to students about both the industry and also the study programmes at SCAD.

**ARTS UNIVERSITY BOURNEMOUTH**

Chloe Swann visited ISCA earlier in the term to talk to students about the programmes of study at AUB and what admissions tutors are looking for in terms of a portfolio. AUB is known for its excellent teaching and is one of the top universities in the UK for employability in the creative industries. Those students who are interested in applying to AUB were able to meet with Chloe Swann individually to talk about their application.

**WEEKEND TUTORIALS**

This has been an especially busy term for year 2 students who are working hard to prepare their portfolios for all important university submissions in the new year. Throughout the term, art and design tutors have held tutorials each weekend so that students are fully supported as they build their portfolios.
