

## COMMUNITY MATTERS

The ISCA Wall of Work continues to grow as students develop their projects via online teaching. Year 2 students have embarked on this year's A Level exam theme of Change and/or Stability from a range of exciting starting points. They are working on ideas and exploring possibilities ahead of creating the final outcome to showcase their skills and thinking. Year 1 students are finalising artworks within the project Reconstruct Deconstruct, while the Preliminary students are busy exploring sub-themes linked to the idea of Environments. Tutors remain impressed both by the standard of work produced and by the enthusiastic way in which all students have adjusted to remote learning.

We recognise that it has been a busy and challenging time for the whole ISCA community and, as we approach the holidays, we would like to wish all our students and their families a healthy and happy time together.
