ISCA @ WORK AND PLAY

Congratulations to all Year 2 students whose hard work has paid off this term with a flurry of top university offers.

The ISCA studios have been bustling with students in Year 1 putting the finishing touches to their Diploma work; in the summer term they will embark on their chosen A Level courses.

With many students choosing to stay on campus over the Easter break, there is a wide choice of fun activities to enjoy. Many have been making the most of the spring sunshine to play tennis and indoors there have been some exciting basketball and badminton matches.

For the less sporty, there are games and cookery opportunities themed around the Easter festivities and excursions to local areas of beauty.
