

## WELCOME NEWS

The start of the new academic year at ISCA is always an exciting time, full of creative possibilities, developing fresh ideas and forming new friendships. We would like to welcome all new and returning students to the school and we very much look forward to working with you all in the coming weeks.

The term has kicked off with a wealth of induction activities and the start of rotation for Year 1 and Foundation students as they experience the different art and disciplines first hand. The lively critique was an opportunity to exchange ideas and reflect on further possibilities.

For Year 2 and Portfolio students the focus is on university preparation and the first session of the Creative Practice Programme at University of the Arts London. It is certainly wonderful to see the studios busy with students collaborating on tasks and honing new skills.

As the year unfolds, we will be publishing a series of newsletters with the focus on community, studio projects and extracurricular activities. Now let's get to work!
