

CELEBRATING SUCCESS

Congratulations to all ISCA graduating students whose achievements were celebrated during a special ceremony at a beautiful country house in nearby Gerrards Cross. A graduation video featured messages from both staff and students who reflected on their time at the school. The certificate presentations and scholarship awards were followed by a delicious traditional afternoon tea. We wish all ISCA graduates happiness and fulfilment as they take up their places at university.

Since 2018, all ISCA students have enjoyed exceptional success in achieving multiple offers from leading art and design universities around the world. This year has been no exception, and we are very pleased to confirm that once again all students are in the fortunate position to be able to select the university course which best suits their higher education aspirations. The 100% progression success for 2022 represents the hard work and dedication of ISCA graduates.

Year 1 students have had a busy term developing personal projects, taking part in group critiques and embarking on their A Level work. They have practised skills, experimented with new techniques, participated in workshops and carried out research, all of which will prepare them well for their second year at the school.

ISCA staff are finalising the creative curriculum and cultural activities for the Summer School which takes place in July. Participating students will have the opportunity to develop their art and design skills, learn English and visit cultural London with its many vibrant galleries and museums.
