

WELCOME TO ISCA

There has been an enthusiastic start to the new academic year at ISCA and it is wonderful to see the studios and workspaces buzzing with engaged and curious students who share a strong interest in the creative arts. We would like to welcome all new and returning students to ISCA and we very much look forward to working together this term.

Year 1 students are enjoying a wealth of activities, trips and workshops. During the rotation period they have been able to experience each of the different art and design subjects in special taster sessions to better understand the curriculum. This process will enable students to make well-informed choices about which subjects they wish to take forward.

Year 2 and Portfolio students have a busy term ahead. The focus is on university preparation and the weekly Creative Practice Programme at Central Saint Martins. Students have returned from the summer break having completed high quality research for their future individual projects. Throughout the A Level and university application process they will be fully supported by the academic tutor team.

ISCA wishes to express its deep gratitude for the public service of Queen Elizabeth II who has been an inspiration to so many over the past 70 years.
