

PROGRAMME OVERVIEW

CAP is taught by specialist tutors and covers the formal elements of Art and Design through units designed to develop critical awareness.

Students are introduced to the core skills of art and design, such as line, tone, colour, texture, shape, pattern, composition, form, perspective and markmaking.

Students develop their practical skills in studio based workshops in:

- *drawing and painting*
- *printmaking*
- *2D and 3D design*
- *fashion textiles*
- *photomedia*

Units available for the Cambridge Technical Diploma give students the opportunity to explore the work of artists and designers and develop understanding of media materials and techniques by responding to a specialist art and design brief.

Study Skills

Structured support for developing study skills and personalised English Language tuition is given throughout the course to bring students to the point where they could progress to Level 3 and develop a strong art and design vocabulary.

Cultural Visits

- professional artist and designer visits
- museums
- art galleries

Course Fee

Tuition: **£34,956** Boarding: **£15,940**

Dates: **September 2024 - June 2025**

CAP (CREATIVE ARTS PROGRAMME) Pre A Level (Level 2)

CAP offers students aged 15 a unique opportunity to experience excellent UK art and design teaching. Students are able to develop their understanding of art and design through engagement with the work of artists and designers, materials, processes and techniques. Solid foundation skills are taught across a range of specialist art and design areas and students complete work that can lead to a qualification for the Level 2 Cambridge Technicals.

CAP promotes a creative approach to critical thinking and problem solving in a supportive educational environment. This enhanced programme also incorporates elements of mathematical and scientific thinking within the art and design process. Linguistic skills are also developed through personalised English tuition.

The Programme is designed to prepare students for progression to the A Level Programme. It is specifically for students aged 15 who have a strong interest in the arts and are considering further study in areas such as fine art, fashion textiles, graphic design, 3D design or critical and contextual studies. It can be seen as a first step to an extended course at ISCA.
